

FlashPoint ShareBridge FP-1000 High Speed USB-OTG Bridge

Introduction

The FlashPoint ShareBridge FP1000 High Speed USB OTG Storage Bridge is a state-the-art USB Bridge. The ShareBridge is PC free providing two USB storage devices direct file transfer. With the ShareBridge copy button, the bridge allows you copy from one USB device to another with the touch of one button. You can easily transfer your data anytime anywhere between any two pen drives, digital still cameras, flash cards, MP3 players, portable hard disks without the need of a PC. The ShareBridge performs high speed USB (480Mbps) transfer between dual OTG ports, which make it the fastest embedded memory free direct file sharing solution.

Specifications

Controller Core:

- ◆ 8 bits core
- ◆ 2 USB Port
- ◆ One Slide Switch
- ◆ One Button for Easy Copying
- ◆ Battery: 3 AAA
- ◆ Dimensions 58mm (L),74mm(W),17mm (H)

PRODUCT FACTS

- ◆ Sharing/copy data between two USB mass storage devices without a computer
- ◆ Backup data and photographs from digital camera to any USB flash disk or hard disk to free up memory card space anytime anywhere
- ◆ Direct sharing MP3 songs between two MP3 players
- ◆ On-Chip USB On-The-Go host and device controller module
- ◆ Compliant with OTG specification and USB specification version 2.0 for high-speed (480Mbps) and full-speed (12Mbps) USB hosts and devices
- ◆ Easy one button operation
- ◆ Battery power built-in
- ◆ Easy slide switch to select copy files mode
- ◆ Elegant Design
- ◆ Compact sizes for mobile use.

About USB-OTG

USB OTG is a new supplement to the USB 2.0 specification. It challenges the capability of existing mobile devices and USB peripherals by giving them an added host capability for connection to other USB devices. These new features were needed to upgrade standard USB technology for mobile, peripheral devices and gateway bridge. These new features include the additional host capability, smaller connectors.

Minimum System Requirements

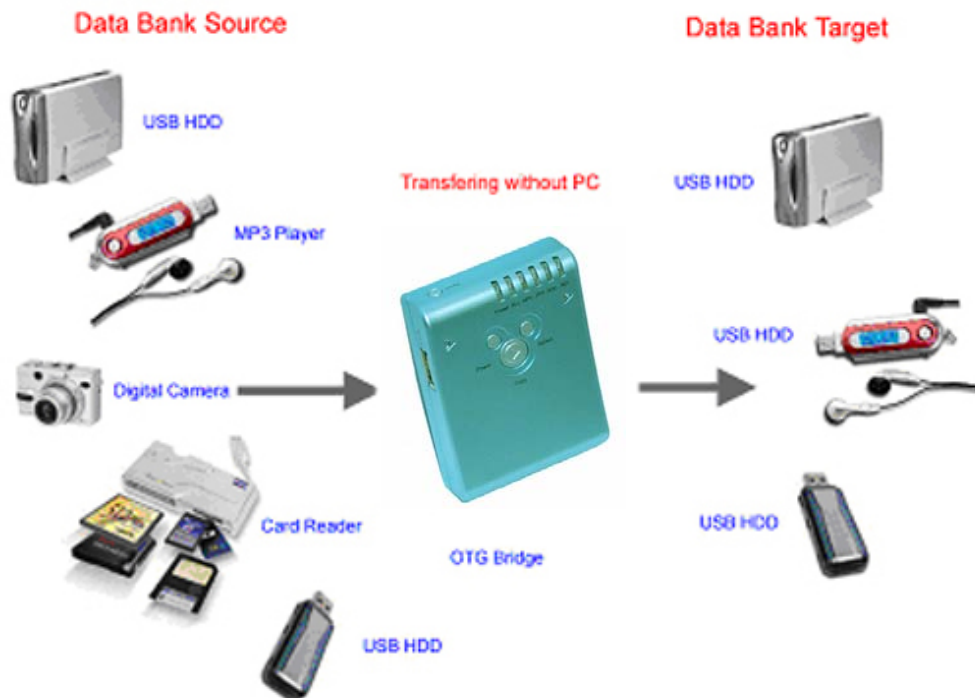

- ◆ iMac system or IBM PC with USB host connector
- ◆ Windows® 98/ME/2000/XP and Mac OS9.0 or above

Applications

- ◆ PC Free Data Sharing Adaptor, MP3 Songs Sharing Changing
- ◆ Adaptor and DSC Images Sharing and Backup.

USB OTG Module

- ◆ Fully compliant with the USB specification Rev. 2.0
- ◆ High-speed/full-speed and OTG supplement Rev. 1.0
- ◆ 1,024 bytes dual FIFO for USB bulk transfer with 1,024 bytes max. packet size
